PORTABLE GYMNASTICS PROGRAM

"We Bring Gymnastics To You"

Pre-schools, Day Cares, Community Centers, Corporate Events and others can have gymnastics brought to your facility or location for your students or guests to enjoy. Healthy and fun activity is what the MILLS USA Portable Gymnastics Program is all about.

Parents and customers love the choice of including their child in this activity that you can provide for them through MILLS USA. Teachers will love the excess energy that students will burn off during our time with them.
